**P**layboy loves women—period. We like gorgeous girls in their late teens and early twenties with fresh faces and tight bodies, but we also adore beautiful women with more life experience—including careers, husbands and kids—who have fully embraced their sexuality and sensuality. This issue showcases a batch of 19 amazing women who will convince you that being sultry, seductive and sexy is a state of mind and has nothing to do with age.

▼ *Nude Playmates* was a true testament to the greatness of Playboy's gatefold goddesses. Francesca Frigo's cover spread set the tone for an amazing issue and I absolutely loved the images of Miss March Kyra Milan. Her genuine charm, sparkling beauty and dazzling natural body were definitely the highlight of an unforgettable Centerfold celebration. ...J.B.

▼ *Natural Beauties* is an outstanding essay on the modern feminine form. In an age where porn is propagated through an infinite number of media portals, Playboy stands alone as the champion of respect for, and appreciation of, stunning women. Kudos to your staff for this tasteful achievement. ...L.F.

▼ In my opinion, Holley Lara was head and shoulders above the rest of the girls in your recent *College Girls* issue. Let's see more of her, please! ...S.B.
