Yul Brynner used Volatilis... .. then he took a shower

Volatilis helps Yul Brynner in movies too, as bald head artistically reflects studio lights.*

New painless way to lose your hair in one day

"I used everything trying to break in on Broadway," says Academy Award-winner Yul Brynner, "until I was ready to tear my hair out. Then I tried Volatilis with V-17. And that tore out my hair *for* me. You know the rest of the story. Volatilis started me on the road toward winning The Oscar... and incidentally made me *look* exactly like it! So next time you're ready to tear your hair out, try Volatilis with V-17. It does the job *for* you!"

It's that simple. Volatilis makes dry unruly hair easy to manage by getting rid of the stuff altogether! Yet you never have that angry-red, billiard-ball look, because Volatilis combines ground Axolotls and Gasoline with V-17, the new *painless* hair-removing discovery.

Try Volatilis with V-17 today. You'll blow your top!

*He's under contract to Brunswick-Balke-Collender Co.

No matter where you may be—on the train, at the circus, even in your own home decorating the Christmas tree—just mention Winsten, and some character's bound to stick in his two-cents! So, if you'd rather have private conversations about smoking, take our advice. Next time, go get yourself a pack of Camels!
