"An extraordinary opportunity to own the official MAD Pin Collection!"

A Brief History of the MAD Pin Collection

In late 1990, MAD publisher William Mildred Farnsworth Higgenbottom Pious Gaines IX decreed that there should be an official MAD Pin Collection and ordered that famous artisans from around the world be contacted to see who would work the cheapest to create these objects of art!

Unique in all of jewelry-making history, we broke the mold before we cast these pins!

Each official MAD Pin is precision crafted by machines that are turned On and Off by hand!

Each Pin is cast in Space-Age Alloys—the same Alloys used to make NASA space shuttle souvenir pins sold by guys hanging around Cape Canaveral!

The Official MAD Pin Collection smells like jewelry that costs thousands of dollars and can be mistaken for real gold at distances over 500 meters (though at shorter distances they may be mistaken for a lot of other things!)

These Pins will not be sold in any store—we know, we tried getting any store we could find to sell them and nobody would touch them!

Due to the special nature of this offer, the number of Official MAD Pins commissioned shall never exceed the demand! (In the event of a tie, all production will cease! That's our commitment to quality!)

These are the very same Pins that will be offered by us again and again and again in future issues of MAD Magazine!

An Important Reminder! Each Official MAD Pin is so valuable it will be personally delivered to your home by an official United States Government Employee, dressed like a mailman!

This offer is neither endorsed nor in any way connected to the Franklin Mint, Benjamin Franklin, Joe Franklin or Franklin Delano Roosevelt!
